KEY SKILLS

- Vulnerability Assessment & PT
- OWASP Top 10
- Web Application Penetration Testing
- WordPress Security Testing
- Android PT
- API PT
- Network PT
- Manual and Automated PT
- Burp Suite, OWASP ZAP
- Postman
- Python, Bash
- Bug hunting
- Nessus, Acunetix
- MobSF, Frida, Objection
- Dorking
- Recon
- Nuclei, SQLmap, Ghauri
- Nmap, Metasploit

CERTIFICATIONS

- Certified Ethical Hacker (CEH v11) from EC-Council
- Certified Appsec Practitioner (CAP) from The SecOps Group
- Certified Blockchain Practitioner (CBP) from The SecOps Group
- And a couple of certifications from APISEC University

EDUCATION

B-Tech CSE

Sahrdaya Collage of Engineering and Technology

Micro Project - WiFi Testing Device
Final year project - Vulnerability Scanner

PROFILE

Cyber security expert with over 3 years of experience in penetration testing and vulnerability assessment, skilled in identifying and resolving critical security flaws. Expertise in simulating cyberattacks to evaluate application security and uncover issues in areas like authentication, input validation, and access control. Proficient in OWASP Top 10 vulnerabilities and utilizing tools such as Burp Suite, OWASP ZAP, and SQLmap to strengthen defenses. Passionate about continuous learning and staying updated with evolving cybersecurity trends to address modern security challenges.

WORK EXPERIENCE

Security Engineer

QBurst   Mar 2023 - Till date

- Security Engineer, Penetration Tester
- Web, Android, API VAPT, AI/ML hacking.
